Brisbane Upholstery are synonymous with quality craftsmanship.

With extensive experience working in London, restoring antique furniture, we bring our skill, care and attention to you in Brisbane.

THE WONDERFUL WORLD OF MEMORIES ...

For many years I listened to my father's stories of his family moving from town to town as kids, chasing the work during the depression. When I asked him about his grand parents, when they immigrated to Australia and why, he could not answer, he didn't know, his father told him, "Oh their all dead".

I made it my mission to research the family, to find where my ancestors came from, and what they did. I did this whilst my father was still alive so I could pass this information on to him and I wrote and produced a book on my family with what I found.

After completing a Graphic Design and Photoshop qualification, I am now helping others with their dream by designing, editing and having books printed for them.

Family History memorabilia is a fantastic gift to give your children or grand children.

A coffee table book is a lovely way to pass on your legacy by either writing your life story or sharing those heirloom photos in a fabulously presented book. The layout of the book is extremely important as it can make the photos

or documents look even more spectacular, including those that are marked or damaged as they too can be brought back to life.

Other items that can be designed and printed are Collages of family photos or Family Trees on large prints using your photos.

Editor/Designer: Pamela J. Berry

Photobook design, layout, editing and printing starts at \$80.00 for a 20 page 20cm x 20cm (8"x 8") soft cover book.

Canvas' start from as little as \$70.00; Custom Glass/ Acrylic, Aluminium or Wooden Prints start from a fantastic price of \$100 - 150.00 for a 20cm x 30cm size.

Call Pamela J Berry today to receive a quote 07 3172 5860, mobile: 0418 623 557: www.getuitgraphics.com.au.

A 1 Stop Shop Move.

Taking care of all your moving needs.

Moving or selling? Aargh – who has the time to organise the makeover needed to get our homes ready to attract a buyer, or if moving, looking beautiful for when we arrive?

A1 Stop Shop Move is the answer. With professional Facilitator Terri Rhodes at the helm, this is definitely a service that has everything covered.

A1 Stop Shop Move is easy to use. Terri and her team of experts offer hourly rates for qualified and experienced handyman or painting services to tackle both big and small jobs, or can organise quotes for everything including design, carpentry, rendering and even garden maintenance services.

"We know that preparing to move is a stressful and anxious

time, particularly when so many of us are time poor," Terri said.

"There is no doubt that a beautifully presented and finished home adds value. But preparing and staging a home for sale or making sure the new place is perfect when we move in, is not only time consuming but can be overwhelming if we don't have the time or the experience to do the work.

"Our job is to ensure making this happen is stress free. We work with you - whether it is just facilitating the appointment of the services you have identified or coming in and helping you with advice, design and professional tradesmen to make your home exactly how you want it to look and feel.

Principal Terri Rhodes
Photography Paula Brennan

"And when you sell, we even have the removalist covered!"

Another successful Sale for Jeff Smith with David and Beth enjoying a Celebratory Dinner at Temple Thai – Milton.

Phenomenal! Outstanding! From Initial Approach To ‘Under Contract’ in 2 Weeks

We approached Jeff, by phone, tentatively seeking as to whether or not he would undertake selling our unit for us. The unit was not located within the ‘Paddington area’, and let’s be honest, there are many units on the market right now, particularly in the Gaythorne/Enoggera area, let alone in our actual street.

Upon approach, Jeff could not have been more interested, courteous nor professional, and within days was recommending a personalized marketing strategy which greatly appealed to us. The package contained professional photos and a short video clip which very quickly was placed on several real estate websites. The overhead drone footage showing the unit’s location to its best advantage, the placement of digital furniture inside the unit, together with suggestions as to a realistic asking price, really made the unit attractive to potential buyers.

Jeff’s professionalism and acute marketing sense ensured that very few ‘open houses’ were required to sell the property.

From the outset, Jeff’s approach and communication style assured us that he was out to do the very best for us as the ‘sellers’ – we had total trust in his ability to market our property.

We are just so thrilled with the result that Jeff Smith achieved for us in such a short amount of time, in such a difficult market, and cannot recommend him highly enough.

David and Beth Ross – 3/45 Mott Street, Gaythorne
