## Make a Positive Change Today!

Fruition Tuition delivers individualised tuition solutions, in all subjects, for learners of all ages. We understand learning and what it feels like to learn. We tailor our courses to suit the needs of every individual learner so that they can experience the feeling of success, which in turn, increases their confidence.

Fruition Tuition understands that learning is uncomfortable because it is the "grappling and wrestling with things not yet mastered." Allowing learners to continue in situations where they cannot succeed can damage their confidence, self-view, development, self-esteem and their enjoyment for learning. However, children can become disengaged if they are not challenged. We want our learners to succeed in the classroom but to also move ahead and achieve their true potential.

Our passion and commitment is to make a significant difference in the lives of our learners. "Children need a flexible learning environment and our excellent processes provide this opportunity by nurturing, encouraging and inspiring them," said Fruition Tuition Co-founder Mrs. Gugenberger.

**Is homework time a battle?**

**Is your child's full potential being reached?**

**Do you feel some key concepts have been missed?**

**Does your child's report card make sense to you?**

Ask us about our Early Childhood Programs from age 3 to Year 3. At Fruition we say, "success is never a burden." Give your child a flying start to meet the tough demands of the Australian Curriculum Foundation Year. Remember, perfect practice makes perfect and permanent!

## Lifestyle & Living

### A wonderful way to keep fit and enjoy life!

While Ashgrove Dance Studio originates from the oldest ballet school in Queensland, few would know that it is also the first dance studio in Brisbane to hold ballet classes for adults.

Since 1973, the Ashgrove Dance Studio has been teaching adults tap, jazz and classical dance styles.

40 years later, those classes are still as popular for those wanting to get fit, stay fit and feel good.

Co-principal, Wendy Lowe, said today more than ever, we are realising that fitness is an important part of maintaining healthy lifestyles as we get older.

## OUTDOOR EDUCATION PROGRAM OFFERED AT QUALITY SECONDARY SCHOOLS

The benefits of spending time in the outdoors and getting to know nature are immeasurable. For teenagers about to embark on a journey into adulthood, time spent away from technology and distractions brings them back to the basics, preparing them for the fortitude, patience and organisation skills required for Year 11 and 12.

Schools that have an Outdoor Education program are doing a great service to students. In

particular, an experience of three to four weeks based on high-trust adventure and environmental activities is of long term benefit.

Writer, Scott Peck, says that for mental health people need to accept that life is difficult and face it with four disciplines, and these can be developed in an excellent Outdoor Education Programme: the capacity to delay gratification (I will work now, play later); accept responsibility (this is my problem,

not someone else's, I will do what I can); be dedicated to truth (facing the truth about yourself and your situation); and be balanced (knowing your limits).

In addition, it provides exciting adventures that will stay with students for the rest of their lives. Just ask any of the students in week three and they will all enthusiastically explain that it is hard work but lots of fun, and an experience not to be missed.

## SPECIALISTS IN SECONDARY EDUCATION

At Grace Lutheran College we are proud to be trusted specialists in secondary schooling.

Established in 1978, the College, a Christian co-educational secondary school, has a long history of providing quality education to students in the Moreton Bay region at both the Rothwell and Caboolture Campus.

Our established Middle School Program, including Years 7, 8 and 9, has been tried and tested since 2008, providing students with a flying start to their high school education.

For four weeks all students in Year 10 at Grace attend our third campus, Googa, an Outdoor Education Program facility near Blackbutt. Under the direction of highly trained and specialised staff, the students gain a multitude of skills and life experiences including adventure activities, hiking, camping, daily cooking, washing and cleaning, responsibility for feeding livestock, preparing devotions, as well as journal and letter writing. Our students fully engage in

a wide array of activities that they might otherwise miss, or take for granted in the home environment. The aim of this journey is for the students to develop into young adults, to learn self-reliance and team work skills, discover how to respect others and understand their spiritual path.

Skills learnt at Googa assist them to grow academically and personally in the final two years of school and beyond. Students lead as College Ambassadors in Year 11 or as mentors in a wide range of co-curricular and service activities in Year 12. In addition, a large number of students offer academic support to other students during and after school. This supplements the tutoring programme in the library from Monday to Thursday afternoons conducted by teachers and past students on staff.

Book a personal tour or visit one of the Grace events to discover how your child could benefit from attending Grace, specialists in secondary education.

Come and see Grace Lutheran College for yourself at one of our GRACE@WORK or Open Day events.

## Begin Bright And Early To Give Your Child A Head Start...

**"S**o many of the factors affecting the success of a child's formal education start well before formal schooling," according to Australian epidemiologist Professor Fiona Stanley noted for her research into child and maternal health.

It is this philosophy that gave birth to **Begin Bright Coorparoo** in April last year and which, more than 12 months later, has already helped provide a great start for youngsters who have taken part in programs before heading off to "big school."

**Begin Bright** offers school readiness classes where children attend for a 1 hour lesson per week. In class they focus on learning letter sounds, handwriting and numbers so that when they start big school, they feel happy, smart and confident.

Melanie West, owner of **Begin Bright Coorparoo** and mother of two, said starting school was a huge step for most children.

"Our **Begin Bright** School Readiness Program gives children confidence when they start school, providing them with a head start in their education," Melanie said.

Melanie became interested in childhood education after spending time at home with her two children before they started school. She continued working with children of all ages in and out of the school setting. Seeing the results of introducing learning early, Melanie decided to start her

own **Begin Bright** centre so that she could offer School Readiness programs to more children.

"Children learn more easily while they're young so it's a great time to introduce them to learning," Melanie said.

"We provide a fun and safe environment for children to be themselves while learning to become happier, more confident and as a result, smarter because they enjoy learning."

The **Begin Bright** programs are conducted by fully qualified Child Care, Early Childhood or Primary Teachers.

# Remove The Confusion And Uncertainty With An Agent You Can Trust ....

If you take a real estate company with a long history of solid performance and combine it with an experienced real estate agent focussed on building relationships to get the best outcomes for his clients then **Jeff Smith of Ray White Paddington** is a name that should be top of mind.

With both an M.B.A and a Ph.D., there is no doubt that Jeff is committed to achieving a good business outcome. He is guided by a rational, patient and composed attitude – all of which build confidence in his clients.

“There is no doubt in my mind that selling or buying a property is one of the biggest, most expensive and in many cases, the most emotional decision a person can make and I want to make sure such a crucial decision is based on good advice and clear thinking.”

“So I work hard to provide both solid professional advice based on 25 years of experience and practical services. Our in-house financial brokerage is just one of our many services.”

If you are looking to sell or buy a property contact Jeff on Mobile  
0432 00 33 55 or 3369 6488.

## Ashgrove Dance Studio Where Every Dancer Is A Star...

**W**hile **Ashgrove Dance Studio** may have earned a reputation for turning out some of the states best dancers, performers and dance teachers, it is also making a name for itself as a studio for anyone that loves to dance no matter what their age or level of skill.

The school with more than 100 years of history and tradition to its name has a tradition of offering classes in a warm and welcoming environment making it one of the busiest and most successful dance schools in South East Queensland.

Studio Principals Wendy and Judith Lowe, said the studio provides an inviting environment with experienced, professional and energetic teachers at two central Ashgrove locations.

Our aim is to not only encourage dance career minded students to have confidence and to reach their full-potential in the dance style of their choice but to also cater for lovers of music and dance and to encourage them to enjoy all that dancing offers whether it be fitness, fellowship or just having fun, Wendy said.

According to Judith dance can be magical and transformational at its best and at a more physical level, a great mind-body workout.

It can improve not only co-ordination and rhythm but help improve the level of concentration and self-esteem in children and young adults. It also has the potential to unite generations and cultures, Judith said.

On offer - classes include... Ballet, Tap, Jazz, Hip-Hop, Contemporary, Lyrical for Guys and Girls of all ages. Special Hip-Hop classes for boys.

Here at Ashgrove Dance we offer a huge range of dance classes and styles, for all age groups and with a flexible timetable to suit. Really, there is no excuse not to dance even if you've never done so before.

*Judith, Mrs. Lowe and Wendy.*

To find out how you can unleash your own stardom, visit [www.ashgrovedance.com.au](http://www.ashgrovedance.com.au) or contact the Studio on Mobile 0407 675 230 (Wendy) or Mobile 0419 670 906 (Judith) - Landline (07) 3366 2976.

## Savoyards Offer Business Advice Via An Award Winning Musical...

**T**he Tony Award winning musical, **How to Succeed in Business Without Really Trying**, based on the 1952 satirical book by Shepherd Mead is set to become the next successful production by the Savoyards.

**The Savoyards**, Brisbane's longest continuously running community based musical theatre company, is planning to roll out the production during its next theatre season.

*And as always, the show is set to entertain.*

Adapted for the stage as a musical by Abe Burrows and Frank Loesser the creative team behind *Guys and Dolls*, **How to Succeed in Business Without Really Trying** tells the story of the rise, from window cleaner to chairman of the World Wide Wicket Company board, by the young and ambitious J. Pierrepont Finch.

The musical first opened on Broadway in 1961 and went on to win seven Tony Awards and the 1962 Pulitzer Prize for Drama.

More than 50 years after its Broadway debut, the musical's irony and wit still has the power to resonate with audiences, and encourage them to hum a tune or tap a toe with a score and dance routine that is both original and familiar.
