# Lifestyle & Living

## A wonderful way to keep fit and enjoy life!

**W**hile Ashgrove Dance Studio originates from the oldest ballet school in Queensland, few would know that it is also the first dance studio in Brisbane to hold ballet classes for adults.

Since 1973, the Ashgrove Dance Studio has been teaching adults tap, jazz and classical dance styles.

40 years later, those classes are still as popular for those wanting to get fit, stay fit and feel good.

Co-principal, Wendy Lowe, said today more than ever, we are realising that fitness is an important part of maintaining healthy lifestyles as we get older.

## Savoyards Offer Business Advice Via An Award Winning Musical...

**T**he Tony Award winning musical, **How to Succeed in Business Without Really Trying**, based on the 1952 satirical book by Shepherd Mead is set to become the next successful production by the Savoyards.

**The Savoyards**, Brisbane's longest continuously running community based musical theatre company, is planning to roll out the production during its next theatre season.

*And as always, the show is set to entertain.*

Adapted for the stage as a musical by Abe Burrows and Frank Loesser the creative team behind *Guys and Dolls*, **How to Succeed in Business Without Really Trying** tells the story of the rise, from window cleaner to chairman of the World Wide Wicket Company board, by the young and ambitious J. Pierrepont Finch.

The musical first opened on Broadway in 1961 and went on to win seven Tony Awards and the 1962 Pulitzer Prize for Drama.

More than 50 years after its Broadway debut, the musical's irony and wit still has the power to resonate with audiences, and encourage them to hum a tune or tap a toe with a score and dance routine that is both original and familiar.

**For more information about the show dates and times, including how to book tickets, visit [www.savoyards.com.au](http://www.savoyards.com.au) or call 3893 4321**

*A Show Not To Miss!*

# Begin Bright And Early To Give Your Child A Head Start...

**"S**o many of the factors affecting the success of a child's formal education start well before formal schooling," according to Australian epidemiologist Professor Fiona Stanley noted for her research into child and maternal health.

It is this philosophy that gave birth to **Begin Bright Coorparoo** in April last year and which, more than 12 months later, has already helped provide a great start for youngsters who have taken part in programs before heading off to "big school."

**Begin Bright** offers school readiness classes where children attend for a 1 hour lesson per week. In class they focus on learning letter sounds, handwriting and numbers so that when they start big school, they feel happy, smart and confident.

Melanie West, owner of **Begin Bright Coorparoo** and mother of two, said starting school was a huge step for most children.

"Our **Begin Bright** School Readiness Program gives children confidence when they start school, providing them with a head start in their education," Melanie said.

Melanie became interested in childhood education after spending time at home with her two children before they started school. She continued working with children of all ages in and out of the school setting. Seeing the results of introducing learning early, Melanie decided to start her

own **Begin Bright** centre so that she could offer School Readiness programs to more children.

"Children learn more easily while they're young so it's a great time to introduce them to learning," Melanie said.

"We provide a fun and safe environment for children to be themselves while learning to become happier, more confident and as a result, smarter because they enjoy learning."

The **Begin Bright** programs are conducted by fully qualified Child Care, Early Childhood or Primary Teachers.
