## Exercise Your Brain and Your Body at Ashgrove Dance Studio Men and Women Welcome

Learning to dance can be a lot of fun and a workout for the whole body. According to some neuroscientists, the benefits of dancing, particularly as we age, can help maintain our bodies and brains.

The social aspect of being with people and enjoying ourselves, combined with the more complex activity of dance, requires using several parts of the brain - parts which we don't normally exercise as we age. Through dance, we coordinate action, memorise complex behaviour, and move it from short-term to long-term memory while also socialising -

predicting how our partner will respond and how we will respond to others.

Wendy and Judith Lowe, the directors of Ashgrove Dance Studio, one of Queensland's oldest dance schools, not only agree but can pay testament to the science. "while we took over the dance studio in the early 1970s, both of us have been dancing, and teaching dance nearly all our lives," Wendy said.

These classes offer a wonderful social experience for men and women to get fit and enjoy!

The excitement of dance with the expertise of the Ashgrove Dance Studio...

## Field of Dreams

**Anne Pearson**  
Founder Field of Dreams

Field of Dreams Early Childhood Early Intervention (ECEI) is a nationally consistent, best practice play based approach for children 0-6 years old who have a developmental delay or disability. We provide individualised support for each child and their families based on their identified needs.

The NDIS ECEI approach has been designed to support all children and their families to achieve better long-term outcomes, regardless of diagnosis. All children and

families will be treated as individuals to ensure that they receive the right support to meet their goals and aspirations. The type of supports will be different for every child and their family according to their needs.

- Speech language intervention
- Develop gross motor control
- Develop Fine motor control
- Social skills
- Pre-school support
- Literacy and numeracy support for early years
- Parent/family support

\*Available to non-ABN holders and approved applicants only. Fees, terms, conditions & minimum finance amount \$250 apply for 6 months interest free and minimum finance amount \$1000 apply for 1000 days interest free, inc. \$99 Annual Fee charged at the time the first debit is charged to your humm90 Mastercard Account and annually on the anniversary of that date. When you have met the Interest Free Criteria, the Annual Fee must be paid in full within the Interest Free Period or it will attract interest. If you do not meet the Interest Free Criteria the Annual Fee will attract interest from the date the Annual Fee is debited to your humm90 Mastercard Account. Up to 110 days Interest Free on humm90 Mastercard purchases (excluding cash advances) when you meet the Interest Free Criteria. Failure to make the required payments will result in you no longer meeting the Interest Free Criteria meaning that all new transactions from that day will be interest bearing from the date of the transaction. Any outstanding balance after the Interest Free Period reverts to the humm90 Mastercard Purchase Rate (currently 23.99% p.a.). Minimum monthly repayment required. Interest (charged at the Expired Promotional Rate, currently 25.99% p.a.) payable on outstanding balances after any Interest Free Period in relation to a Promotional Offer. See humm90.com/au for current interest rates. Only available at participating Toro dealers. Offers are available from 1 January 2023 to 31 March 2023 or while stocks last. Ask in store for details.
