SPOTLIGHT SHINES ON YOUNG PERFORMERS AT EISTEDDFOD

Organiser Heather Christensen said the eisteddfod was born to give local youth an opportunity to perform on stage.

"Over that time the number of participants and spectators has increased significantly, and more than 2,000 volunteer hours go into organising the event," she said.

"The best thing for us as organisers though is when we see entrants from many years ago bringing their children and students back to compete now."

Thanks to the support of Logan City Council and Bendigo Bank as corporate sponsors we are able to offer our \$1,000 Bursaries and Scholarships in music - instrumental and vocal, drama and dance- ballet and Jazz. Bursaries & scholarships are awarded to section winners to enable them to develop their talents further.

Teachers say: "For my students, it's an opportunity for them to consolidate what they learn in their classes into performing and the little ones can be inspired by watching some of the older competitors."

"The eisteddfod attracts up to 20,000 performers each year, who come from as far away as the Sunshine Coast, Gatton and northern NSW, which is great for our city," she said.

"The performances are just superb, so I would encourage anyone interested in seeing talented youngsters to purchase tickets for some of the shows."

SUPERVISED AFTER SCHOOL TUTORING AT GRACE

With the introduction of Year 7 children to secondary schools, many parents are struggling to find after school care for their 11 and 12 year old children. Grace Lutheran College, a co-educational Christian secondary school at Rothwell and Caboolture, provides a supervised program for all students from 3pm to 6pm Monday to Thursday.

Students sign in at the air-conditioned library and can study independently, as a group or utilise the several tutors

provided by the College for assistance on homework, assignments and study for exams. Additionally, Grace College have opened the Senior Studies Centre this year, providing a separate space for Year 11 and 12 students to study autonomously or in small study spaces including access to computers.

The school adds value to student learning through the after school tutoring program; student academic leaders mentoring and motivating students; regular communication with parents about progress; action plan

for students needing support; and their Academic Enrichment Programme challenges the large number of gifted and talented Grace students. These inclusions have resulted in 83% of Grace College students who graduated last year were on track to university compared to the average of local independent schools at 47%; the state at 53%; and the local high schools at 43%.

Contact Grace Lutheran College for more information on 07 3203 0066 or grace@glc.qld.edu.au

SPECIALISTS IN SECONDARY EDUCATION

At Grace Lutheran College we are proud to be trusted specialists in secondary schooling.

Established in 1978, the College, a Christian co-educational secondary school, has a long history of providing quality education to students in the Moreton Bay region at both the Rothwell and Caboolture Campus.

Our established Middle School Program, including Years 7, 8 and 9, has been tried and tested since 2008, providing students with a flying start to their high school education.

For four weeks all students in Year 10 at Grace attend our third campus, Googa, an Outdoor Education Program facility near Blackbutt. Under the direction of highly trained and specialised staff, the students gain a multitude of skills and life experiences including adventure activities, hiking, camping, daily cooking, washing and cleaning, responsibility for feeding livestock,

preparing devotions, as well as journal and letter writing. Through a proven pioneering approach, our students fully engage in a wide array of activities that they might otherwise miss, or take for granted in the home environment. The aim of this journey is for the students to develop into young adults, to learn self-reliance and team work skills, discover how to respect others and understand their spiritual path.

Skills learnt at Googa assist them to grow academically and personally in the final two years of school and beyond. Students lead as College Ambassadors in Year 11 or as mentors in a wide range of co-curricular and service activities in Year 12.

Book a personal tour or visit one of the Grace events to discover how your child could benefit from attending Grace, specialists in secondary education.

Legally Blonde - the Musical takes to the stage with the Savoyards in 2016

Brisbane's best loved amateur musical theatre company will launch the 2016 season with one of the best and most entertaining musicals to hit Broadway in recent times – **Legally Blonde, the Musical**.

Based on the 2001 novel by Amanda Brown and the subsequent MGM film of the same name, **Legally Blonde the Musical opened on Broadway in 2007**. Despite mixed reviews, the show went on to be a commercial and critical success in London's West End, where it opened at **The Savoy Theatre in 2009** www.savoytheatre.org. So it is only fitting that the Savoyards, Brisbane's longest continuously running community based musical theatre company, produce this fabulously fun, internal award winning musical, for the entertainment of Brisbanites – particularly those interested in big songs, big dance numbers and big belly laughs. Like the film, which made Hollywood actress Reese Witherspoon a household name, the musical follows the transformation of Harvard's Elle Woods as she tackles stereotypes and scandal in pursuit of her dreams.

If you have seen the movie, then the musical stays true to form. It tells the story of Elle Woods who appears to have it all until her life is turned upside-down when her boyfriend dumps her so he can start getting serious about his life and attend Harvard Law. Determined to get him back, Elle uses her charm to also get into Harvard Law and with the help of friends, realizes her potential and sets out to prove herself to the world.

Sure to appeal to the culture and issues of today's youth, the musical is one not to be missed – no matter what your age.

WINNING TESTIMONIAL ... ★★★★★

8 Devonhill Street, The Gap

"After meeting with Jeff Smith and discussing my needs and expectations, Jeff suggested a strategy to best achieve these objectives. We were able to discuss this and plan accordingly. This has resulted in 4 days from listing to a contract in hand-at a price I'm happy with. Jeff was very responsive and busy to achieve this and kept me in the loop at each step.

"Jeff was also responsive to the buyers needs and flexible in his approach - which is good for everyone. I appreciated Jeff's experience and his considerate style. He is calm and open and nothing seemed too much effort. This is especially appreciated in the reasonably stressful time of selling and buying property.

"I have no hesitation in recommending Jeff as an agent if you are in the market or planning to be." Deb (8 Devonhill St)

Exercise Your Brain And Your Body at Ashgrove Dance Studio

Men & Women Welcome...

The excitement of Dance with the expertise of the Ashgrove Dance Studio...

*L*earning to dance can be not only a lot of fun but a workout for the whole body.

According to some neuroscientists the benefits of activities such as dancing, particularly as we age, can help maintain not only our bodies but also our brains.

In fact, both the social aspect of being with people and enjoying ourselves, combined with the more complex activity of dance, requires the use of several parts of the brain – parts which we don't normally exercise as we age.

Through dance we coordinate action, memorise complex behaviour, move it from short-term to long-term memory while also socialising - predicting how our partner will respond and how we will respond to others.

Wendy and Judith Lowe, the directors of Ashgrove Dance Studio, one of Queensland's oldest dance schools, not only agree but can pay testament to the science. "When we took over the dance studio in the early 1970s, both of us had been dancing and teaching dance nearly all our lives," Wendy said. "Learning a new routine is akin to learning a new language."

"But unlike a new language, dance is a whole of body experience – there are some very complex things happening in the brain for something that is not only physically good for you but also a whole lot of fun." Judith said Ashgrove Dance Studio had classes specifically for seniors - both male and female.

"While our dance studio has a reputation for shaping up and coming dancers and dance instructors, it is our classes for the older generations that have the potential to really make a difference in terms of enjoying life – the added bonus is that it's also a great way to make friends." To find out more about Ashgrove Dance Studio and particularly classes for older men and women, visit www.ashgrovedance.com.au. **Enquiries: principal@ashgrovedance.com.au**
