### Dear Readers, A SPECIAL EVENT

Flying Fox Studios, Everton Park believes in promoting the enjoyment of a life lived creatively. As educators working with young children on a daily basis, they seek to encourage creativity and originality in and through play. Play is the way that children process their experiences and make sense of their world providing opportunities for skills, confidence, and imaginations to grow and develop. When asked about his most valuable asset Einstein reportedly replied, 'My Imagination', and in fact, research into creativity illustrates increased innovation and awareness levels of children involved in music and art programs. Children gain knowledge of themselves and their world by, and through, their interests and questions. Classes at Flying Fox Studios aim to encourage children to explore their imagination and ability to innovate, gain lateral thinking abilities, and improve their concentration skills. All of these attributes positively affect the way children interact with the world around them. For further details visit their website at [www.flyingfoxstudios.com.au](http://www.flyingfoxstudios.com.au) or phone their studio on 3855 1528. To notify us of any events send information to Out & About PO. Box 1686, Noosa Heads 4567 or email [ros@outandaboutmag.com.au](mailto:ros@outandaboutmag.com.au). The deadline for the next issue is 10th October.

**A wonderful way to keep fit and enjoy life!**

While Ashgrove Dance Studio originates from the oldest ballet school in Queensland, few would know that it is also the first dance studio in Brisbane to hold ballet classes for adults.

Since 1973, the Ashgrove Dance Studio has been teaching adults tap, jazz and classical dance styles.

40 years later, those classes are still as popular for those wanting to get fit, stay fit and feel good.

Co-principal, Wendy Lowe, said today more than ever, we are realising that fitness is an important part of maintaining healthy lifestyles as we get older.

## YEAR 11 GRACE STUDENTS EXTEND THEMSELVES WITH A UNIVERSITY LEVEL ROBOTICS PROGRAM

Students at Grace are fortunate to have a robotics program well ahead of the times, learning how to create robots at a university level.

Over the last two months, Grace Lutheran College Year 11 students has begun a brand new robotics program, collaborating with Queensland University of Technology (QUT) to build robots from beginning to end using Arduino and Baby Orangutan circuit boards, commercially available parts and hand cut hardware.

The program incorporates university level hardware and programming to simulate real world problems such as detecting coral and counting different types

of coloured fish.

Jack Wright, a past Grace College student who graduated in 2012 and is a current undergraduate engineer from QUT, has been spearheading the project through his appointment at Grace as an IT assistant. This kind of program has never been done before at Grace and is unparalleled by other high schools.

The students are excited about such a challenging project, particularly those who have future aspirations to undertake a career in Robotics or Computer Science.

Mr Peter Kellett, Director of Information Services

at Grace College, says "a purpose built robotics learning facility will be built ready for 2015 classes.

This facility will enable multiple classes to build and test robots as well as interact with various other emerging technologies. To our knowledge there has not been another facility of this nature built in Queensland previously."

Grace College is thrilled to also be the only Independent school in Queensland to host the First Lego league competition in November this year.

It is a focus of Grace Lutheran College to cater for all students learning needs and capabilities and to assist them towards their future career goals.

## SPECIALISTS IN SECONDARY EDUCATION

At Grace Lutheran College we are proud to be trusted specialists in secondary schooling. Established in 1978, the College, a Christian co-educational secondary school, has a long history of providing quality education to students in the Moreton Bay region at both the Rothwell and Caboolture Campus.

Our Middle School Program, including Years 7, 8 and 9, has been tried and tested since 2008, providing students with a flying start to their high school education.

For four weeks all students in Year 10 at Grace attend our third campus, Googo, an Outdoor Education Program facility near Blackbutt. Under the direction of highly trained and specialised staff, the students gain a multitude of skills and life experiences including adventure activities, hiking, camping, daily cooking, washing and cleaning, responsibility for feeding livestock, preparing devotions, as well as journal and letter writing.

Through a proven pioneering approach, our students fully engage in a wide array of

activities that they might otherwise miss, or take for granted in the home environment. The aim of this journey is for the students to develop into young adults, to learn self-reliance and team work skills, discover how to respect others and understand their spiritual path.

Skills learnt at Googo assist them to grow academically and personally in the final two years of school and beyond. Students lead as College Ambassadors in Year 11 or as mentors in a wide range of co-curricular and service activities in Year 12.

In addition, a large number of students offer academic support to other students during and after school. This supplements the tutoring programme in the library from Monday to Thursday afternoons conducted by teachers and past students on staff.

Book a personal tour or visit one of the Grace events to discover how your child could benefit from attending Grace, specialists in secondary education.

Come and see Grace Lutheran College for yourself at one of our GRACE@WORK, Open Day or Grace Celebrates events.

## Little Orphan Annie Provides September School Holiday Entertainment ...

**T**he well-loved and timeless story of that spunky, Depression era orphan – **Annie** – is back to inspire hope in a whole new generation of youngsters during the September school holidays thanks to the **Savoyards**.

For eight performances only at the Performing Arts Complex, Lindum, Annie will give theatre lovers – old and young – the chance to enjoy the musical which has enthralled millions around the world.

Telling the story of **Annie** – an orphan determined to find her parents after being abandoned years ago by her parents on the doorstep of a New York orphanage run by the cruel and embittered Miss Hannigan, it includes one of the most awarded musicals of all time and boasts one of Broadway's most memorable scores, including It's the Hard-Knock Life, Easy Street, N.Y.C. and the ever-optimistic Tomorrow.

Based on the popular Harold Gray comic strip Little Orphan Annie, **Annie – The Musical** burst into popularity in 1977 when it opened on Broadway.

It became a smash-hit movie musical starring Aileen Quinn, Albert Finney and Carol Burnett that is adored worldwide and a fixture of popular culture references.

Now, more than 35 years later, **Annie** remains one of the most loved and universally appealing musicals of all time – so don't miss it.

# Experience, Service And A Caring Attitude Make Selling Or Buying Property Easy...

Since 1902 the Ray White Group has become the largest Real Estate Group in Australia. But being the biggest doesn't always mean being the best – unless of course the sales staff are living the group's values and offering not only exceptional service but an exceptional level of care to try and meet your needs.

Jeff Smith of Ray White Paddington brings a wealth of skills in commerce, research, collaboration, negotiations and interaction with people from diverse backgrounds.

He says not only does he represent a leading real estate group but also has the family values and strong business background to ensure his clients are always receiving the very best of service.

"Putting your most valued asset, your property, into the hands of a relative stranger for sale is something that shouldn't be done lightly," Jeff said.

"You need to have absolute trust in the ability and experience of the agent of your choice."

"A friendly easy going attitude with a professional and experienced approach to achieving the best outcome for you, the client, are values in which I take great pride."
